

NEW!

UNIROOF roof hatch

One roof hatch for all steel and tile roofs

VILPE® UNIROOF
roof hatch comes with

20-year performance
warranty and
10-year unfading
color warranty

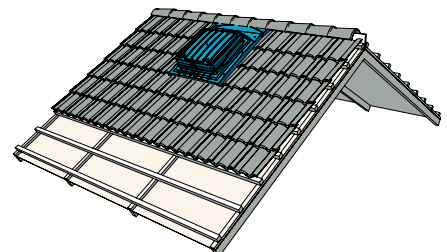

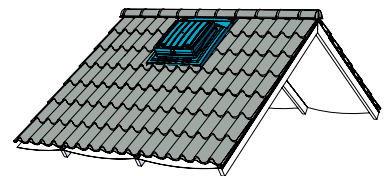

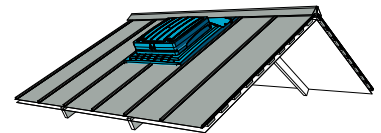

VILPE® UNIROOF – one product, all capabilities

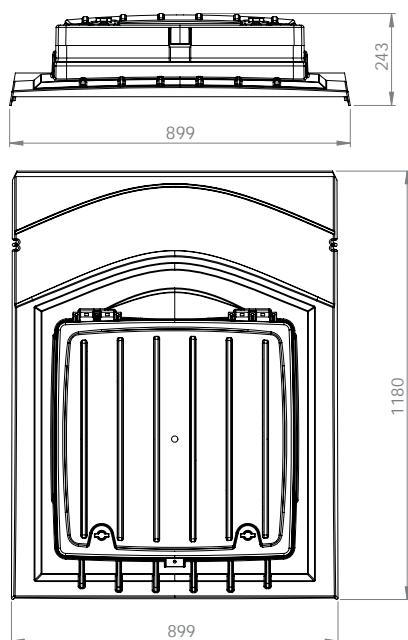

The new VILPE® UNIROOF roof hatch will change your vision of roof hatches forever. From now on, the same model suits all conventional steel and tile roofs, profiles as well as all roof slopes. New underlayment sealing makes sure that modern technical and breathing underlayers will function as desired.

Thanks to use of injection molding, the final product offers uniform quality and strength in its structure. As a result of cooperation with industrial designers, the roof hatch is not only the ultimate solution technically but it also blends in well visually with any roofing.

- Suitable roofing: tile, profiled steel and standing seam
- A flexible top edge facilitates installation onto the ridge of a roof
- A lockable cover
- Wide range of color options
- Easy installation
- A totally sealed solution
- Less sample storage needed
- VILPE® warranties – performance warranty of 20 years, unfading color warranty of 10 years
